

2013 ANNUAL REPORT

A LETTER FROM THE PRESIDENT

Dear Friends of the FMDSA. Another year has gone by, and I, as President of the organization, am proud and humbled by the accomplishments of our organization. By organization I refer not only to the Board members of the FMDSA, but to the FMD patients and family members, Doctors, supporters, and all those that have helped us through 2013.

We post our Annual report in order to update our supporters and comply with Federal regulations as a Non-Profit organization. More importantly it illustrates the incredible work we have done with limited financial resources. It doesn't take a financial expert to see that like most self funded groups, donations are the mainstay of our daily operations. Here are a few of the many accomplishments that these people and organizations have allowed us to attain, we can't thank you enough:

The Registry has taken on a life of its own and continues to grow. Started in 2009 with no past history or support we continue to add registry centers. We are receiving many requests from hospitals asking how they can get involved and become a participating center. The data collected from patients throughout the US and from other countries coming here to be evaluated and participate is helping to unravel the mysteries surrounding Fibromuscular Dysplasia. Due to the many abstracts and articles published this year from the data we created a dedicated "Research Network" page on our web site where all of the information can be found. It's quite impressive.

Our Annual meeting was very successful and this year we boasted some of the top Doctors speaking on various FMD topics. We have been preparing for and greatly anticipate our 2014 meeting which will coincide with the 1st International FMD Research Network Symposium being held at the Cleveland Clinic. The meeting is being co-chaired by medical advisory board members, Heather Gornik and Jeffrey Olin Many of the participants attending have also registered for our meeting with a few International FMD experts also agreeing to speak. This will truly bring us into the International arena with many coalitions being created.

As the Cleveland Marathon coincides with our Annual meeting, we have created a new source of awareness, recognition and fundraising by participating as an official charity. Volunteers at water stations, runners, and sponsors once again made it a successful event.

A great accomplishment that we hope will be repeated 49 more times will be the recognition of March 11 2014 as the very first ever "Fibromuscular Dysplasia Awareness Day" happening in the state of Michigan. This has been over a year long process to make this happen. Thanks to the efforts of Pamela Mace and Michigan State Representative Pat Somerville, FMD awareness will be brought to a whole new level.

We look forward to continuing to grow in the years ahead and I am grateful for those of you that have been there from the start and those people that we now rely on to keep us strong. Thank you to everyone that has helped us create awareness for FMD and make strides towards understanding, treatment, and possibly a cure

Thank You

Bradley J Daar

President FMDSA

2013 ANNUAL REPORT

STATEMENT OF FINANCIAL POSITION

ASSETS

CURRENT ASSETS Prepared from data in audited annual report

Cash and Equivalents	\$57,148.00
Contributions receivable	<u>\$0.00</u>
Total Assets	\$57,148.00

LIABILITIES AND UNRESTRICTED NET ASSETS

CURRENT LIABILITIES

Accounts payable	\$10,931
------------------	----------

UNRESTRICTED NET ASSETS \$46,217

Total Liabilities and net assets	\$57,148
