

Fibromuscular Dysplasia Society of America Pampered Chef Fundraiser

We have partnered with Pampered Chef to raise funds for the FMDSA. The money raised will help to fund the FMD Patient Registry (to facilitate FMD research!), as well as to help fund our patient support and education programs. The registry is solely funded by the FMD patient community as we receive no grants or corporate funding. We would greatly appreciate your participation in this fundraiser.

Pampered Chef products are known to be of the highest quality and they make great gifts (early Christmas shopping!) or additions to our own households. We would really appreciate your help sharing information about this special fundraiser and we can't think of a better cause! For the month of August, Pampered Chef is doubling their donations for organizations like the FMDSA. This means the FMDSA can earn between 20% (for sales up to \$750.00) and 30% (for sales over \$750.00) of all sales, with your help! We ask that you please consider posting this information on your social media sites, and share with others via email, and by word of mouth. **Purchases can be made any time up until August 31.**

This fundraiser is open to US and Canadian residents through the links provided below. Please ensure you use the correct link for your country. Thank you to FMDSA member Corinna for organizing this event to help the FMDSA and all FMD patients! If you have any questions, please forward them to corinna.klassen@fmdsa.org or contact the Pampered Chef representatives listed for each country (found on the bottom of respective links)
